

# 11 Career Education QUESTIONS TO ASK YOUR COUNSELOR

If career education is new to you, it can be difficult to know which questions to ask. We've got you covered! Once you have a career pathway in mind, use the questions below as a good starting point to get important information you need to plan your high school years.

**1** How does career education fit in with the classes I have to take to graduate?

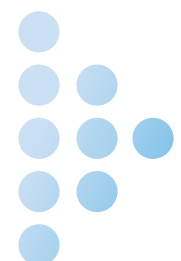

**2** What classes are included in this career pathway?

**3** If I complete this career pathway, can I earn an industry certification? If so, which certification, and can I get a job right away?

**4** Which classes in the pathway count for college credit?

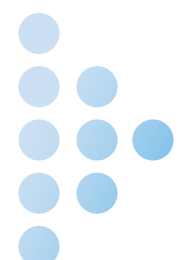

**5** After graduation, can I continue taking courses in this pathway at a local college? If so, at which college?

**6** Which classes in the pathway satisfy the A-G college admission requirements?

**7** What types of internship or job-shadowing opportunities are included in this pathway?

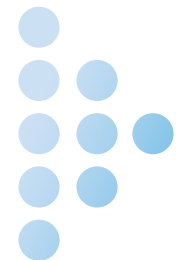

**8** What types of real-world skills will I learn that I can transfer to college, a job, or the military?

**9** In what grade will I begin taking career education classes?

**10** What if I start taking career education classes and discover I don't like the career pathway?

**11** What do I need to do next to start planning my career education?
